

neXdeal – Trading platform with integrity and transparency that focus on **COMMODITY BASIS TRADING** through relevant market location premiums.

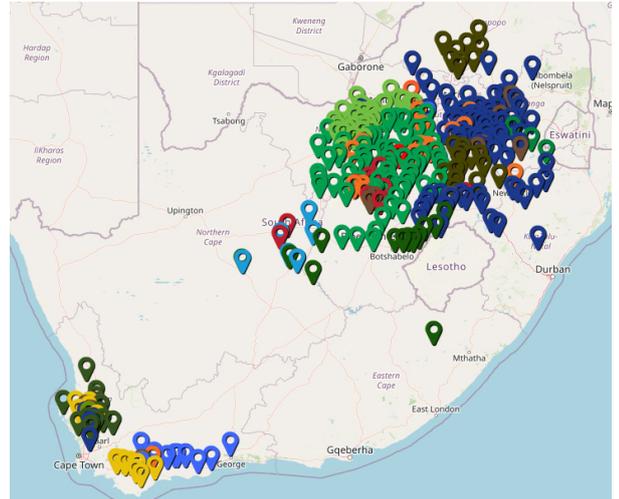

Commodities available

- White Maize & non-gmo
- Soyabeans & Sunflowers
- Sorghum
- Yellow Maize & non-gmo
- Wheat and Feed grades
- Breakfast Oats, Canola, Lupin & other

What is the goal of the platform?

The goal of the **neXdeal** platform is to provide the seller with exposure to a larger market and accurate basis discovery. It gives buyers the opportunity to purchase grain at market-related premiums.

neXdeal supports the group's focus to enable the producer to farm sustainably. Transparency and integrity in the approach to each transaction are the foundations of neXdeal.
